

## Principal Report

Kia ora,

Our Enviroschools Hui at Curio Bay was a very wet and enjoyable day! We made the most of it, despite the weather, and managed to get around all of the available activities. Thanks to Mrs Vincent for driving us there.

Here's what the students had to say:

*Ella:* The touch tank was really awesome. The touch tank had all these cute little sea creatures. My favourites were the sea anemone and the sea cucumber.

*Sophie:* I liked the "spaghetti wave", it was a channel that came up with waves of lots of seaweed. I found some paua shells but couldn't take any because it's a protected area.

*Nicole:* I liked the movie - it showed us about where the volcanic rocks are and how the tree fossils got into the rocks.

*Kewene:* I liked the forest that we went into... unfortunately I fell into the water in the petrified forest!

*Christopher:* We found a horned beetle in the forest. The touch tank was great.

*Heremaia:* I didn't know there was a petrified forest - it was fascinating to explore. And the movie was amazing.

Congratulations to the following students:

**Ella**, for showing great enthusiasm and asking great questions at the Hui.

**Waiaia**, for using interesting words and ideas in her story writing.

Have a great weekend.

Mr Samuel Smith
